

# INVITATION FOR SYMPOSIUM

## IMPLEMENTATION OF PROCESS INTENSIFICATION TECHNOLOGIES (IPIT)

**Date:** Friday, 15-4-2011

**Location:** “De Prinsenhof”, Delft, The Netherlands

### Preliminary programme

9:00 Welcome by TNO with coffee/tea and biscuits

9:30 Start symposium

12:45 Lunch

13:45 Continue symposium

16:00 Panel discussion

18:00 Buffet dinner

20:00 Tour museum “De Prinsenhof”

### Confirmed speakers

- **Edouard Croufer**, Arthur D. Little Benelux, *Subject to be determined.*
- **Ir. Raf Reintjens**, DSM, *Implementing PI in industry: Overcoming the hurdles.*
- **Nigel Fletcher**, Foster Wheeler, *Implementation of a Multiproduct Process Intensified Plant*
- **Dr. Lothar Ott**, Lonza, *Implementation of a Dividing Wall Column as an Example for Process Intensification within Lonza*
- **Dr. Sigurd Bucholz**, Bayer Technology Services, *Implementation of Flow Chemistry Protocols*
- **Dr. Ing. Hartmut Schiemann**, Procter & Gamble, *Challenges of  $\mu$ -Processing Applications in Prototyping and manufacturing of Consumer Products*
- **Peter van Broeck**, Janssen Pharmaceuticals, *Development Implementation of a continuous process in chemical pharmaceutical production*
- **Prof. Xiong-Wei Ni**, NiTech, *Continuous manufacturing and crystallisation*
- **Dr. Ir. Dirk Verdoes**, TNO, *The path from research to implementation of Process Intensification technologies: How to accelerate?*
